

(a) Thermal: every vendor improves
(open = end-to-end, filled = two-pass)

(b) Within Claude Opus 4.7: fewer hallucinations on 5/6 papers (open = end-to-end, filled = two-pass)

(c) Audio, two Gemini models: gain tracks headroom, not model identity

(d) gpt-audio transcript unlocks text-only models: every pipeline beats end-to-end (labels = hallucinations)
